Notes to Management of Resources

The figures for 2017/18 represent the actual budget and spend for each area within the authority. This will include all internal recharges such as office accommodation, central support services, and accounting adjustments for pension liability in line with FRS17 and capital charges. Capital charges and pension liability year end transactions can change substantially at year end as this is when revaluations of assets and figures from the actuary are received and budgets updated to reflect any changes.

The figures reported for 2018/19 are presented as budget for monitoring. This is where we exclude some internal recharges such as office accommodation, central support services, capital charges and accounting adjustments for pension liability in line with FRS17 and include within the area which manages them. For example all central support services costs are shown within Resources and Transformation. The reason for this is that only the service that manages the area will be able to report on any forecast under / overspend.

What this tells us

Treasury Management	
Average Interest Rate (Borrowing)	The average interest rate we are paying on the money we have borrowed compared to our target.
Gearing Effect on Capital Financing Estimates	Shows how a 1% increase in interest rates would affect the total interest cost to the council.
Net Borrowing Costs / Tax Requirement	Borrowing not financed by a grant from government, as a proportion of our Net Revenue Expenditure
Capital Financing Requirement (£m)	How much money we currently borrow to finance our capital programme.
Authorised limit for external Debt (£m)	The maximum amount of debt we should have at any one time
Investment Rate Average	The average interest rate we are receiving on the money we have invested.

Balance Sheet Ratios	
Current Assets : Current Liabilities	Our ability to meet our liabilities
Useable Reserves : General Revenue Expenditure	If our reserves are adequate to meet potential future variations.
Long Term Borrowing : Tax Revenue Using only council tax for tax revenue Using both council tax and NNDR for tax revenue	The effect of long term borrowing on our budget.
Long Term Borrowing : Long Term Assets	This allows us to understand the relationship between the money we borrow and the assets we have as they both change over time.
Total School Reserves : Dedicated School Grant	If schools reserves are at an appropriate level.

Revenues Performance
