Introduction

1. Section 88P of the School Standards and Framework Act 1998 (the Act) requires every local authority to make an annual report to the adjudicator. The Chief Adjudicator then includes a summary of these reports in her annual report to the Secretary for State for Education. The School Admissions Code (the Code) sets out the requirements for reports by local authorities in paragraph 6. Paragraph 3.30 specifies what must be included as a minimum in the report to the adjudicator and makes provision for the local authority to include any other matters. Paragraphs 6 and 3.30 of the Code require that each local authority publish its report locally. Local authorities do not have to include this introduction and guidance in their locally published report.
2. In 2020 and 2021, we asked far fewer questions than in previous years, asking only for the minimum information required by the Code. This was in response to the pressures on local authorities and others in the light of the Covid-19 pandemic. This year, we have again sought to keep the information requested to the minimum. We have, at the request of the Department for Education, asked a small number of additional questions relating to the impact of the new Code which came into force on 1 September 2021.
3. The new Code also changes the period to be covered by reports to the adjudicator and the deadline for submitting reports to the adjudicator. **This year's report must cover the 2021/2022 academic year and be submitted to the Office of the Schools Adjudicator by 31 October 2022.**

Guidance on completing the template

4. In a departure from previous practice, we have included all the guidance on completing specific parts of the template in this section. We hope that this will be helpful. This is in response to feedback that including guidance and definitions in the body of the template could make the report harder for readers to follow and less accessible. There is no requirement for local authorities to include the introduction and the guidance in their published reports, but they are free to do so if they wish.
5. We should be grateful if in completing questions which ask for information about primary and secondary schools and/or pupils, local authorities would follow the approach to classification of schools used in statutory provisions and in the Department for Education Statistical First Release¹ and the Education Middle School (England) Regulations 2002².
6. Guidance on specific questions and/or meaning of specific terms in this report:
 - a. "in-year admissions": This means admission at the start of any school year to a year group which is not a normal point of entry for the school concerned (for example at the beginning of Year 2 for a five to eleven

¹ [Department for Education Statistical First Release](#)

² [The Education Middle School \(England\) Regulations 2002](#)

primary school) **and** admission during the course of any school year after the end of the statutory waiting list period (31 December) in normal years of admission.

b. Not applicable means at questions:

Section 1: B.i. - B.iv. that there were no children falling within the relevant definition.

Section 1: B.v. that there were no schools for which the local authority was the admission authority at 1 September 2021.

Section 1: B.vi. that there were no schools in the local authority's area for which the local authority was not the admission authority at 1 September 2021.

Section 2: B.i. - B.iv. that there were no children falling within the relevant definition.

Section 2: C.i. that there were no children falling within the definition.

Section 2: D.iv. that there were no hard to place children referred to the protocol.

7. We welcome all comments that local authorities make in the comment boxes and we aim to reflect those comments in the Annual Report, but we ask for the comments to be entered under the right headings. Section 3 invites comment on any other matters not specifically addressed in this template if local authorities wish to do so. The views expressed in previous years also remain a matter of public record.
8. We ask that where possible, you return the template in Word instead of PDF formatting. A number of you have commented on the formatting of the template and we have tried to make it as accessible as possible, but we are aware that some local authorities use different versions of Word.

Information requested

Section 1 - Normal point of admission

A. Co-ordination

i. How well did co-ordination of the main admissions round work?	Not well	A large number of small problems or a major problem	Well with few small problems	Very well
Reception				X
Year 7				X
Other relevant years of entry				X

ii. Please give examples to illustrate your answer if you wish:

All on time applicants were offered on National Offer Day,

Sec 22 - In Walsall, 3,836 applications were received on time. This is an increase of 129 applications from last year's figure. Of those, **3055** (79.6%) received their first preference, **400** (10.4%) their second preference and **122** (3.2%) their third preference.

Rec 22: In Walsall, 3440 reception applications were received on time and every applicant who applied on time has received an offer of a school place for September 2022. Of those, **3182 (92.5%)** received their first preference, **152 (4.4%)** their second preference and **44 (1.3%)** their third preference.

There was a slight issue with one junior school that felt that children who are on roll at a primary school should be included in the Inf-Jun transfer round and were unhappy when Walsall said this was not appropriate and that they should submit via Midyear.

Confident all have Confident some have Not aware of whether all or some have Not applicable

vii If you wish, please give examples of any good or poor practice or difficulties which exemplify your answers about the admission to schools of looked after and previously looked after children at **normal points of admission**:

v. wish:

In accordance with the provisions of the new School Admissions Code 2021, the Local Authority made a variation to its previously determined admissions arrangements for the 2021/22 and 2022/22 admission arrangements to ensure that equal first preference priority is given to children who appear (to the admission authority) to have been in state care outside of England and ceased to be in state care as a result of being adopted are given equal first priority in admission arrangements, alongside looked after children (LAC) and children who were previously looked after by English local authorities (PLAC).

C. Special educational needs and/or disabilities

Please provide any comments you wish to make on the admission of children with special educational needs and/or disabilities at normal points of admission:

The admission of children with special education needs is managed in accordance with the requirements of the School Admissions Code and the SEND Code of Practice. Places are offered to children with an Education, Health and Care Plan before the application of the Admission Arrangements for all Walsall schools.

In previous years there have been a number of cases where Education Health and Care Plans were finalised after primary and secondary offer day and it had been necessary for over-subscribed schools to exceed their admission number and admit children whose late Education Health and Care Plan names the school.

Closer work between the Admissions and SEN Team is in place to reduce the need for schools to admit over number by finalising EHCP requirements prior to Offer Day.

Section 2 - In-year admissions

A. Effect of Code changes on in-year admissions

Please provide any comments you wish to make on the effect of the changes to the Code's provisions for in-year admissions. It would be particularly helpful to have comments on whether you think the changes have made it easier or not for parents to secure places for children in-year?

The Local Authority co-ordinates in year admissions on behalf of all primary schools in Walsall but does not co-ordinate secondary in year admissions

B. Looked after children and previously looked after children

- i. How does the **in-year admission** system serve children who are looked after by your local authority and who are being educated in your area?

Not at all Not well Well Very well Not applicable

- iv. How does your **in-year admission** system serve the interests of previously looked after children?

Not at all Not well Well Very well Not applicable

- v. If you wish, please give examples of any good or poor practice or difficulties which support or exemplify your answers about **in-year admissions** for looked after and previously looked after children:

In a small number of cases the Local Authority has experienced some delay in looked after children being admitted to Walsall Schools. The Local Authority has reviewed its admission processes so that schools are clear about the processes that needs to be followed with regards to the admission of all looked after and previously looked after children

C. Children with special educational needs and/or disabilities

- i. How well served are children with special educational needs and/or disabilities who have an education, health and care plan that names a school when they need to be **admitted in-year**?

Not at all well Not well Well Very well Not applicable

- ii. How well served are children with special educational needs and/or disabilities who do not have an education, health and care plan when they need to be **admitted in-year**?

Not at all well Not well Well Very well Do not know

- iii. Please give examples of any good or poor practice or difficulties which support or exemplify your answers about **in-year admissions** for children with special educational needs and/or disabilities:

Most children are admitted without delay or difficulty but the Local Authority has been made aware of a small number of cases where admission is delayed because schools advise parents or the Local Authority that they are unable to meet the needs of a child with special educational needs but who do not have an EHCP. The team then must work with the school and child to ensure the provision is suitable, this may create a short delay in admissions.

- iv. If you wish, please provide any comments about **in-year admissions** in respect of other children:

D. Fair access protocol

- i. Do you have a fair access protocol agreed with the majority of state-funded mainstream schools in your area?

Yes for primary
 Yes for secondary

- ii. If you have not been able to tick both boxes above, please explain why:

- iii. How many children were admitted to schools in your area under the fair access protocol between 1 August 2021 and 31 July 2022?

Type of school	Number of Primary aged children admitted	Number of Secondary aged children admitted
Community and voluntary controlled	76	There are no community or voluntary controlled Secondary Schools in Walsall
Foundation, voluntary aided and academies	54	205
Total	130	205

- iv. How well do you consider hard to place children are served by the fair access protocol in your area?

Not at all well

 Not applicable

- v. Please provide any comments you wish on the protocol not covered above. It would be particularly helpful to have any comments on the impact of the Code changes on the operation of the FAP in your area and the ability to secure places for vulnerable children:

E. Directions

How many directions did the local authority make between 1 August 2021 and 31 July 2022 to maintained schools for which the local authority is not the admission authority to admit children (including children looked after by the local authority but resident in another area)?

Total Number of children	Of which, looked after	Of which, not looked after
